Dear WGA members!

We wish you a Happy Solar New Year celebrated in many countries in Asia. We are now delighted to share with you the March issue of the WGA newsletter. Topics that will be included are:

- Strengthening Smallholder Farmer Groups in the Philippines and Indonesia in Coconut Oil Production
- ABACA Sustainability Initiative (ASI) An Impact Assessment
- Development of a Standard Training Modules for the Cooperative Sector in Nepal
- Healthy Seedling = Rich Harvest
- BRIA Philippines - Making farming more profitable and rewarding in the Philippines
- Riverbed Farming: Offering Opportunities for Income Generation and Food Security
- MOSA Training is coming to town!
- What is BRIA doing in Indonesia?

ABACA Sustainability Initiative (ASI): An Impact Assessment

The Abaca Sustainability Initiative (ASI) conducts assessment in the two provinces which has revealed several very positive impacts that directly address the two major indicators of the project. the certification of 500 hectares.. [Read more.](#)

Strengthening Smallholder Farmer Groups in the Philippines

WGA Virtual Meeting

 **Skype for Business**

WGA Virtual Meeting

This allows us to:

- Collaborate anytime, anywhere with online meetings
- Work like you're all in one room, even when you are not. From team meetings to live streaming a meeting, or dialing into a conference call.

Future plan:

1. Webinar in June collaboration with SNRD Africa

Recommendations

- Recommendation for agenda setting
- Recommendation for better exchange

Thank you for your attention!
